These Phases are meant to help families and each ministry plan for the year. Changing from one phase to another will be directly connected to State, County and Local restrictions, mandates and suggestions. Each ministry group will communicate when it will move from one Phase to the next. New restrictions and mandates may cause us to modify a given Phase.

Phase 1: If we need to go back to completely online, we will use a combination of zoom and youtube to help provide families resources for 4th to 6th graders. Times and sign up for links will be sent out before event.

Phase 2: This Phase is what we will open the 2020-2021 year at. We will have several God Squad cohorts with up to 10 students in each. You need to do a one time registration and then sign up your youth for what day/time for each month. You can sign up for just one month or all the fall events. We will meet on the upper terrace to start with and have games on the upper and lower terrace, courtyard and Lot 1. Youth will have to wear a face mask and be physically distant during the event.

Phase 3: We will move inside the youth center to begin the event. We may begin to allow more youth into cohorts as time continues. Youth will continue to wear a face mask and be physically distant during the event.

Phase 4. There will be one God Squad event each month. We will meet in the Youth Center and open up the game room. We will also reevaluate the time of God Squad (likely starting later) and go for two hours.
